INVITATION

3RD ULM NURSING MANAGEMENT CONGRESS

Learning from the best

Thursday, July 11, 2019

Friday, July 12, 2019

Development of Excellence in Nursing and Health Care

Thursday, July 11, 2019 – DAY 1

Dear Sir or Madam,

Dear colleagues,

We are looking forward to host the 3rd Nursing Management Congress at the RKU Ulm. The motto “Learning from the Best” considers current challenges in the healthcare system and asks for continually innovative concepts in nursing. Quality development, academisation and equal care are key issues that give professionals the opportunity to apply its potential in a changing healthcare system and to use it for patient-centered care.

According to the U.S. Magnet® model, magnetic organizations serve as a source of knowledge and competence for the promotion of nursing worldwide, and are distinguished by the core-magnet principles of flexibility and a constant pursuit of discovery and innovation.

The 3rd Ulm Nursing Management Congress appeals to health care executives, nursing scientists, nursing educators, experts, students, caregivers and interested people to deal with these topics. By presenting concepts of excellence from different supply sectors, a knowledge exchange should be focused. Speakers are nursing directors, nursing scientists, Managing Directors and Healthcare Employee.

We are pleased to meet you!

Helene Maucher

Director of Nursing
RKU – University and Rehabilitation Clinics Ulm
